

RICHARD PAUL BRONOSKY

Richard@Bronosky.com

53 Blackberry Lane, Douglasville, GA 30134

Mobile: 404-922-7866

OVERVIEW

management of engineers/administrators and developers; workflow optimization; web application development; system administration of various Unix & Gnu/Linux; Xen virtualization host and guest administration; optimization of RAID, swap, and cache; MySQL high availability, replication, disaster planning, performance tuning, schema design; application code security and performance auditing; data transformation and migration via MS SQL Server Integration Services; management of SLAs as both the vendor and vendee; strong verbal and written communication skills; excellent troubleshooting and debugging skills

— I do all development with command line tools for complete system/location agnosticism. Both local and remote I use Gnu Screen, BASH, VIM, MySQL Monitor (/usr/bin/mysql), and SSH+SOCKS proxy (of http, imap, etc.) for maximum efficiency. References can be found online in [LinkedIn](#)¹ profile page. Code samples, L^AT_EX source for this resume, and open source projects are available at personal [GitHub](#)² repository. Active member of [ServerFault](#)³ and various mailing lists.

SKILLS

Languages	MySQL (Since 2000,Expert), shell scripting (2000,E), PHP (2000,E), Python (2006,Intermediate), Ruby (2006,I), JavaScript (1995,E), HTML (1994,E), XML (1999,E), CSS (1998,E), Oracle SQL & PL/SQL, MS SQL Server Integration Services, Java, ColdFusion, PERL & CGI, C/C++, BIND DNS, L ^A T _E X
